In another column will be found the announcement of Mr. C. D. Wells as a candidate for reelection as Superintendent of Schools for Mason county. Mr. Wells having made an efficient, painstaking officer, and as it is a Democratic usage to give an endorsement by a re-election, it is not probable that an exception will be made in his case, but that he will be given the nomination without opposition. His administration of affairs has given general satisfaction.

RASCALITY CHARGED

Langdon-Creasey Gang Still Swindling Unsuspecting Suckers

It's a long dog that has no tail; And it takes a long time to convince some people that an honest man can't sell gold dollars for 95 cents.

The Portsmouth Blade says application has been made for a Receiver for the Jackson (O.) Woolen Mills, and that serious charges have been filed against H. E. Langdon, L. L. Creasey and James P. Henry, the latter two President and Secretary-Treasurer of the Company.

It is charged that these men conspired together to absorb and divert the assets of the Company to their personal gain by fictitious and pretended liabilities and false charges.

It is also charged that they collected \$14,000, and appropriated everything in sight.

For several years the Langdon-Creasey combine operated a "cheap" grocery in this city, but people after a long while found out their methods and stopped buying short-weight inferior stuff—and they picked up their duds and left town.

For Rent—Elegant Flats on two floors; bath room, water and gas. Apply to John Duley.

Shirts to order, \$1.50 and up. Any style, at Nelson's.

The large crowd at the Washington Opera-house Friday night last was more than delighted with the splendid presentation of Lyman H. Howe's Moving Pictures. That this exhibition has a strong hold on Maysville people is evidenced by the fact that large audiences have seen the pictures on three separate occasions here within the past ten months, and that the Managers have booked a return date sometime during the week of February 14th next. Mr. Howe's change of program at each exhibition is just as he promises, and his splendid subjects afford entertainment to young and old alike. If the expressions of the much-pleased audience of Friday night count for anything, on his return Mr. Howe will have a crowded house to see his show.

It was a Democrat, no doubt, who wrote to The New York World, suggesting that the collection of all the burnt matches for kindling would prove a wise economy in this wasteful age. There once was an old adage about seeing a pin and picking it up, and the boys of half a century ago were advised to save all the pieces of string they found for kites and tops. Those old economic saws were all right in their day, for pins and strings were not as cheap then as now. The man who would go about picking up pins or collecting burnt matches for kindling would possibly earn 5 cents a day and find it very unprofitable employment.

Economy is not to be despised, but there always has been two kinds of economy, one of miserly saving and the other of economic and wise expenditures of one's talents. The Scriptures condemned the servant who saved his talent without putting it to use and commended the servant who invested his and multiplied it tenfold.

The criticisms of Republican extravagance by the Democratic orators are on a par with those of the man who lectured the people on not saving burnt matches. Economy is a watchword with the Democratic party, and for forty years it has been promising to economize in expenditures if entrusted with power. They tried it twelve years ago and the result was not

a happy one. They expended less, but it was more than their income. Their economies compelled the people to pick up matches or any other old thing and patronize the public soup kitchens. The Cleveland Administration expended more than its income every year, and sold bonds to secure money to pay the ordinary expenses.

The Republican party has not followed that economic policy. It has not despised burnt matches, but it has not had the people to pick them up, because it has given them more profitable employment. It has followed business principles and encouraged the earning of more money that more might be spent for the comforts and even the luxuries of life. The Republican party has not looked upon the workingman as one who should be compelled to drudge and slave and save by picking up pins and collecting burnt matches. It has tried to so conduct the business of the Government as to encourage enterprise as well as economy and create work and wages that would enable the people to live in comfort. It has been successful enough to keep wages on the increase and ever gaining on the cost of living. The policy of Protection has shut out the pin-picking and burnt-match-collecting labor of Europe and enabled our workingmen to give their attention to better things. It is the better kind of economy.

The last Cleveland Administration was a good example of Democratic economy, and in four years increased the interest bearing debt from \$585,000,000—where HARRISON left it—to \$847,000,000, or more than \$262,000,000. This was in four years of peace.

The McKinley Administration had to deal with a foreign war and the insular questions which followed that war, but it only increased the interest-bearing debt \$198,000,000, and the Roosevelt Administration has made a reduction of \$131,500,000, even with the increased cost of the Army and Navy. This is the kind of economy which is in harmony with business methods.

Lewis County Miss Who Didn't Know Gun Was Loaded

Robert Jones, a prominent farmer of Lewis county, living several miles back of St. Paul, was fatally shot Friday afternoon by his twelve-year-old niece, Mary Hubler.

She didn't know it was loaded and it was discharged, the ball entering Jones's breast under the heart.

Dr. Hastings of Portsmouth says Jones will die.

The girl is almost crazed with grief.

Lighter draught boats will take the places of the big side-wheel boats in the lower Cincinnati trade when the latter cannot run, but they will run long as they can, and the river gets so low they cannot run.

Pittsburgh coal men are not much worried over the continued low water. They maintain that the later the first rise and the later the opening of navigation this fall, the better market there will be at Southern ports.

Superintendent F. A. Laidley of the White Collar Line boats has secured two light draft packets for the up-river trade from Cincinnati. The steamers Cricket and the Kittie Mack will run in the Cincinnati, Maysville and Chillicothe until a rise permits regular packets to resume business. A Few Arrests and Some Stiff Fines Might Save Life

That there are not more fatalities and maiming among a gang of boys, who have pre-empted that part of the C. and O. yards in front of the Depot in the West End as a playground, is no fault of their own.

They have a dare-devil way of standing on the track and seeing how close they can let the yard engine approach them before jumping out of the way.

Some day one or two will be ground to death beneath the wheels of the ponderous locomotive, and then a holy howl will be raised and the parents or guardians will be suing the railroad company for heavy damages.

Mrs. Mary Holliday was taken suddenly and seriously ill Saturday at the home of her daughter, Mrs. P. W. Wheeler, of Fourth street. She is some better this morning, but is still under the care of Dr. Samuel.

EASILY DECIDED.

This Question Should be Answered Easily By Maysville People

Which is wiser—to have confidence in the opinions of your fellow citizens, of people you know, or depend on statements made by utter strangers residing in faraway places? Read the following:
Mr. George N. Crawford, blacksmith and wheelwright, corner of East Second and Lee streets, says:
"The great benefit which speedily follows the use of Doan's Kidney Pills seems little short of miraculous. I procured the remedy at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets, and by the time I had used one box I was cured. If any one suffers from kidney trouble while such an effective kidney cure as Doan's Kidney Pills can be had the fault is their own."
For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
Remember the name—Doan's—and take no substitute.
